

Round 1

Feature	Page	Type	Status	Comment
<ul style="list-style-type: none"> Map in <u>booking details</u> must be opened by Google Maps app (<i>Mobiles</i>) 	Booking Page	Cross-Platform Support	Done	New Addition (Important)
<ul style="list-style-type: none"> Upon creation of a new coupon, when 'is all agency' is NOT selected (i.e. one agency is selected) and the second option 'is all users' is NOT selected, an email message is sent to every user with the title of "Coupon Validity Extension". 	Coupon Page	Coupons	Done	Solved. Now the admin can select a specified agency/user to issue the coupon to
<ul style="list-style-type: none"> After the user is logged in an intermediate page, a quick and unwanted redirection happens (this should be removed). 	N/A	Routing	Done	The user(s) will be redirected to the homepage
<ul style="list-style-type: none"> Change no-reply@drivelounges.com email to support@drivelounges.com. 	Footer	Support	Later	In the content only
<ul style="list-style-type: none"> When registering for a new agency, the user (agency) should be redirected to the <i>homepage</i>. 	Agency Sign Up	Routing	Done	
<ul style="list-style-type: none"> In case of a new agency creation, I can see an empty row in the bookings section in the dashboard. 	Bookings Page	Usability	Pending	Solved for the user, yet the agency still has the issue
<ul style="list-style-type: none"> When altering the phone number for an agency, a message shows up indicating "contact number must be between 5 - 16 characters" 	Agency Profile Page	Regulation	Done	
<ul style="list-style-type: none"> The dashboard in the landing page has some UI issues: fonts are not consistent and in the input boxes 3 types of icons show up. 	Home Page	User Interface	Done	Fixed the position of some icons
<ul style="list-style-type: none"> Enable batch upload when a user is uploading the images of the interior of the car. 	Create Cars Page	Usability	Later	<i>This feature is not feasible in the meantime</i>

<ul style="list-style-type: none"> When altering a newly added car, the car status remains ON in the dashboard 	Car Management Page	Accessibility	Done	
<ul style="list-style-type: none"> We need to notify the user by email after confirmation of the booking with this format: (Agency Name + Booking No.). 	Booking Page	Functional Requirement	Pending	
<ul style="list-style-type: none"> When a user is created and confirmed, the admin has to be notified by email. 	N/A	Functional Requirement	Pending	
<ul style="list-style-type: none"> After logging out, make sure the user session is <u>terminated</u> and user is actually signed out. 	N/A	Security	Pending	
<ul style="list-style-type: none"> We have to provide "Booking Details" in email message for the users. 	Email System	Functional Requirement	Pending	Add
<ul style="list-style-type: none"> <u>Cancellation</u> of the booking has to be justified by the user and it is <u>mandatory</u>. 	Booking Page	Regulation	Done	
<ul style="list-style-type: none"> The cars' images <i>must</i> roll in an image carousel + addition of right and left chevrons so that user(s) can move between the pictures. 	Car Details Page	Non-Functional Requirement	Done	
<ul style="list-style-type: none"> The details page <i>must</i> show fixed images dimension for all cars' images + using a unified fit for all the cars images. 	Car Details Page	Non-Functional Requirement	Done	
<ul style="list-style-type: none"> Change the Receiving Address to Agency Address 	Checkout Page	UI enhancement	Later	Changing at this time will produce more delay to the project
<ul style="list-style-type: none"> Adding a label on the car cards (Delivery Available) to be on the upper-left hand corner. 	Listing Page	UI enhancement	Pending	New Addition

Round 2

Feature	Page	Type	Status	Comment
<ul style="list-style-type: none"> Notifications are not working. 				
<ul style="list-style-type: none"> When an agency is deleted, the agency supposed to be logged off from the system. 	Agency Dashboard	Security	Later	I was able to continue browsing the dashboard after deleting the agency from admin's side
<ul style="list-style-type: none"> Once the agency registered, the contact number should start with +966 and the length should be xxxxxxxxx 	N/A			For example: +966 - xxxxxxxxx
25- Once the admin unchecks " show to dashboard ", it shows the car on the home page but it is not.	N/A			
<ul style="list-style-type: none"> Once the admin edits the car the car status goes off automatically 				
<ul style="list-style-type: none"> When a coupon is created for a specific user, <u>only</u> the designated user must be able to use the code 	Coupon Management	Security	Not Working	I created a coupon for one user ONLY and I was able to use it as another user!
<ul style="list-style-type: none"> After creating a new agency, the booking section must not have any rows 	Booking Management	User Requirement	Not Working	I have created a new agency and I saw one empty row in the bookings section
